Re: *United States of America v. Steven Anderegg*
W.D. Case No. 24 cr 50 (jdp)

Dear Judge Crocker,

In anticipation of tomorrow's scheduling conference, the parties have looked at their respective calendars and (if it is amenable to the Court) would suggest a trial date in February.

This fact could affect timing, so I am offering this ahead of time: in addition to motions attacking the indictment, the defense plans to attack the search warrants. This Court issued the search warrants. I know that over the years that the Court has sometimes addressed its own search warrants (and found no probable cause) and at times it has just had those challenges go to the Article III Judge. I wanted to highlight the fact that the defense is attacking the warrant and allow the Court the time it needs to make a decision on how it wants to proceed.

Thank you for your attention to this matter.
